

#### **D. Intellectual property statement.**

All and exclusive intellectual property rights that may be concerned with respect to the group of algorithms combined in “NUSH” proposal to NESSIE, are due to LAN Crypto, Int.

NUSH proposal consists of the following algorithms:

- NUSH Block,
- NUSH Stream,
- NUSH Self-Synchro
- NUSH MAC,
- NUSH Hash,
- NUSH Hash1,
- NUSH PRF,
- NUSH PKCode,
- NUSH Sign,
- NUSH IDS.

If any of the primitives from “NUSH” proposal will be accepted as a standard, its use will be non discriminative and free from any license fees.

If any of the algorithms will not be accepted as a standard, LAN Crypto, Int. will keep all the intellectual property rights for the algorithm mentioned.
